## Resolute Bank Introduces New Mobile App

**Maumee, Ohio** — With a commitment to delivering clients an exceptional banking experience, Resolute Bank, a full-service community bank specializing in relationship banking for small to mid-sized businesses, today launched a new mobile app. Designed with the user experience in mind, Resolute Mobile gives clients the freedom to manage their accounts when and where they want.

“While we pride ourselves in the personalized service we provide as a community bank, we recognize that clients have needs — like depositing a check remotely or making payments on the go — that extend beyond bankers’ hours and the traditional brick-and-mortar setting,” said Kevin Rahe, president of Resolute Bank. “Offering this mobile experience is one more way we are making banking with us even more convenient and truly client focused.”

Using a mobile device, Resolute Mobile users can view their account statements, make transfers, deposit checks, pay bills and much more. Additionally, Business Banking clients have the ability to handle day-to-day tasks like approving ACH batches and completing wire transfers.

“This is an exciting time for Resolute Bank,” said Rahe. “With the launch of Resolute Mobile, we are continuing to define what it means to work with a community bank. We remain focused on building relationships with each client while offering the latest technological advancements for their everyday needs.”

Resolute Mobile is available to all current Resolute Online and Resolute Business Manager users. To learn more about Resolute Mobile, visit [www.resolutefsb.com](http://www.resolutefsb.com). You also may search for “Resolute Bank” in the app store on your mobile device.
